Buck Ford

Buck Ford is a young, pure country singing sensation because he focuses on keeping the traditional country sound and rhythm flowing. Bucks influences consist of George Strait, Merle Haggard, George Jones and Keith Whiteley. Buck and his band pride themselves on the fact that their performances “bring back to life” the sound and feel of old country.

Buck has been successfully gigging and playing with other fine musicians. Buck has the strong professional work ethic to back up his notable vocal talent. He exudes the charisma that audiences, both younger and older appreciate and relate well to... People seem to like Buck; a kid from today’s generation, singing and paying respect to the values of the good ole days, making him a “one of a kind anomaly.” He’s a favorite everywhere he goes and a sure bet for any venue!
