

California Beach Party

The year was 1962, a new sound was coming forth. It was the sound of summer and CALIFORNIA BEACH PARTY!!! The Beach Boys rode the crest of the wave to fame and popularity with their songs about girls, surfing, girls, hot rods, girls, high school, girls, the beach, and oh yea, I almost forgot GIRLS!! Other groups soon followed suit (bathing?) creating songs still popular today more than a quarter of a century later, The tradition is carried on with CALIFORNIA BEACH PARTY bring that carefree spirit of surfing to every performance. CALIFORNIA BEACH PARTY, hailing from Santa Cruz, California (still a great surfing town) is five talented musicians. Randy Rocket leads the singing and plays guitar; Regi Rockinelli tickles the ivories, that is, he's the keyboardist; Terry (the Barracuda) Carleton keeps the guys in time on the drums; Rip T. Shreads rips out the lead guitar parts, and Jr. Mints hold down the bottom on the bass. Together they have an exciting sound made even better because they all sing and dance! Come see CALIFORNIA BEACH PARTY and you'll see why audiences everywhere are coming back for more! Be amazed when their drummer shows you the many ways to wipe-out! Do you know how to do the Hand Jive? CALIFORNIA BEACH PARTY will teach you some new variations. Hey, don't move that limbo bar, You may be the limbo star! It all adds up to loads of fun and a great CALIFORNIA BEACH PARTY!!
