

# CALIFORNIA COWBOYS

"Unusually Terrific Band that not only loves country music but has the ability to write it, play it and hold an audience in the palm of it's hand."

Country Music Magazine

"The Cowboys are not only a pleasure to work with, but the way they capture an audience is magical."

Lori Umpress of Tony LaRussa's  
Animal Rescue Foundation

"Entertainment just doesn't get any better than this."

## California Cowboys

R. W. Smith and the California Cowboys deliver a powerful sound, with the clear punch of tight three-part harmonies. And such rowdy, foot stomp'n' original songs as "We Ride' em We Rope' em" and "Double Shot of Hank", it's easy to see this band will always go over in a big way with any audience. As lead singer and song-writer, R.W. is the polished showman. He dances and jokes with the audience while delivering top billing entertainment. Together with drummer Terry Domingue , guitar player Gary Potterton, and bass player Bill Mooney (CCMA's steel guitar player of the year 1994). These fine musicians form one of California's most successful country-western bands. With a solid draw and non-stop show, he Cowboys can fill the seats with cheering audiences.
