## THE FABULOUS PELICANS

Hard-working, fun to watch, a blast to dance to, and playfully interactive with the audience, The *Fabulous Pelicans* are fronted by the talented and versatile Caroline Martin. A former member of the award-winning Las Vegas show, *Legends in Concert*, Martin has performed in commercials and on five major film soundtracks. The *Fabulous Pelicans* boast former Steve Miller Band guitarist, Greg Douglass. Douglass wrote "Jungle Love" (18 million copies sold), and received five platinum records. He also toured North America with Van Morrison. The heart of The *Fabulous Pelicans*' music beats in the unforgettable and infectious rock & roll of the '60s-'90s, but their extensive playlist ranges from Billie Holliday to the Dave Matthews Band, and includes R&B, disco, standards, and country.
