

The Bay Area's 80s Dance Party

Totally Live, Totally Awesome!

Fast Times

Fast Times plays the ultimate dance hits from the ultimate decade of decadence. From A-Ha to Young MC, every song is an instantly recognizable hit guaranteed to get audiences on their feet and celebrating. From the birth of new wave and the dominance of synth-pop to the ragged edge of rock and the dawn of alternative, Fast Times covers it all. Just don't call it "retro"--Fast Times is powerful proof that the music of the 1980s is alive and kicking, here and now. The members of Fast Times--vocalists Chynna and Elektro; Bistie on guitar; bassist Chewie; Doc Octave on synth; and Double C on the drums--have performed with numerous bands and have appeared on various original CD releases. Their outrageous onstage fashions, 80s rock star attitude, and power-packed setlist make Fast Times a simply irresistible addition to any public or private event.
