Joe Castillo

Absolutely unique! Powerful! Penetrating and visceral are just a few of the words that have been used in attempting to describe what artist Joe Castillo does. But it is almost impossible to describe a SandStory presentation to one who has never seen it live. Magically coaxing detailed images from the fine grains of sand, then transforming them into ever-changing shapes. This sand animation is projected on large screens for corporate events, churches conventions and any large audience. Sand Art is an awe inspiring, captivating, inspirational experience. Joe Castillo is unquestionably the top Sand Artist in the world today.
