

## PartyQuake

Do you want to create excitement at your party? Do you want your guests dancing all night long? Do you want an event that people will talk about for years to come? Then PartyQuake is your only solution! PartyQuake is a 6 piece ensemble with a very simple philosophy: Use high energy music from the 1960s, 70s, 80s and 90s to get people involved in the experience of the party. They transport your guests back to a simpler time and convert them into participants instead of spectators. The onstage energy of PartyQuake ignites an event and becomes a shared experience for all. Their show can excite any audience and is guaranteed to keep them on the dance floor all night long!
