Following is a fantastic custom entertainment proposal for a wedding anniversary event at a large private residence. This outdoor entertainment concept integrates two of the most powerful elements in nature: fire and water. Contact us and we'll be happy to assist you in creating a wedding anniversary celebration your guests will be raving about for years to come.

At the Entrance

As your guests arrive they will be greeted by a pair of **Copper Goddesses** on stilts. They are truly a beauty to behold. The rich earth tones of the costume, elegant flowing silk fabrics and copper body painting will enhance the garden environment of the venue. These performers will captivate your guests the moment they arrive with their graceful movements and charming interactions.

In the Garden

Stepping into the back garden, your guests will be enchanted by a statue of a young woman as she slowly animates into a **Living Fountain** with magical elegance. Delicate jets of water appear from her fingers as she moves in and out of various tableaux. A bell-like cascade emerges from her head in this beautifully choreographed display. The Fountain is a truly enchanting experience.

Guests will also delight in the graceful beauty of two stunning Vine Women. **Vine to Vine** entwine around each other creating elegant and intriguing tableaux before leaping away to merge with their environment. Together, the living fountain and living vines will bring your garden to life while invoking a serene yet magical aura.

In the Pool

Take your guests' breaths away with colossal **Spheres** floating gently atop the pool. An acrobat performs ambiently inside each 7 foot bubble, silently stunning guests with their agility and gracefulness.

Two beautiful **Merpeople** can be found swimming around the floating spheres, playfully splashing around and slipping in and out of the water surface. Their presence effortlessly transforms the pool into a magical lagoon.

On the Patio Terrace

Your guests will be amazed as these **Living Statues**, come alive! As guests draw near, suddenly they become the statues' subjects of interest. Surprising and simple, The Living Statues are sure to have a lasting impression on your guests.

After Dark

This enchanted evening continues as a fabulous **Fire Act** begins as dusk settles over the property. As the exciting drumming plays, the fire performers slowly manipulate

a fire fan, fire fingers, and a fire staff respectively, becoming a part of the landscape. This artistic display of fire arts is performed by Simon Chaban, one of the finest fire performers in the world.

Following the spectacular fire show, the energy heightens with upbeat dance music from **Chuck Wansley After Hours**. Native New Yorker Chuck Wansley is a dynamic performer, easily conveying a range of musical styles from Frank Sinatra and

Harry Connick, to Fatboy Slim and Maroon 5. Today he's the leader of Chuck Wansley After Hours, playing music from the 1940s, 50s big band swing, jazz standards, pop, R&B, blues, Motown, retro-80s, as well as Latin, specialty and contemporary styles. Chuck is strongly committed to making every party a wonderful and memorable experience.

Indoor After Party

As guests head inside the house as the party winds down, they are treated to solo piano sing along with pianist **Alfie Dreifuss**.
